Street Lighting

The Parish Council has been discussing the possible need for some additional street lighting in the village. If any resident believes there is an area of the village which is less well lit than it should be please advise Geoffrey Tooke (contact details on front page). Additional Street lights cost around £1500 each so the Council cannot commit to adding several quickly. However if we can agree some priority areas for improvement these can be progressively tackled as funds permit.

Car Parking

After recent complaints from local residents, the Parish Council ask drivers who park part of their vehicle on the public pavement to keep in mind mothers with pushchairs, disabled scooter users and other pedestrians who can’t get past their vehicle.

Thought for the month

We are approaching Easter, when we remember the death and resurrection of Jesus. There is more than one candidate in Jerusalem for the location of Jesus tomb. One of them, probably not the most likely, but the prized by those who have visited it because it feels more peaceful and somehow more authentic than the traditional burial site in the bustling noisy church of the Holy Sepulchre, is the so-called Garden Tomb. At dusk, the garden is closed to the public and the door to the garden is pulled shut, revealing a sign which says: “His is not here. He is risen.” Now that is an epitaph. But Jesus died and rose again to show us that God’s love is stronger even than death itself, that even when we die we live in God’s love. Death is not the end and Jesus has defied it and tamed it forever. “He is not here. He is risen.” Happy Easter.
