

Neighbourhood Plan

Saturday
10th
November

Village Hall
10 - 12.30

'Drop-In' Open Event

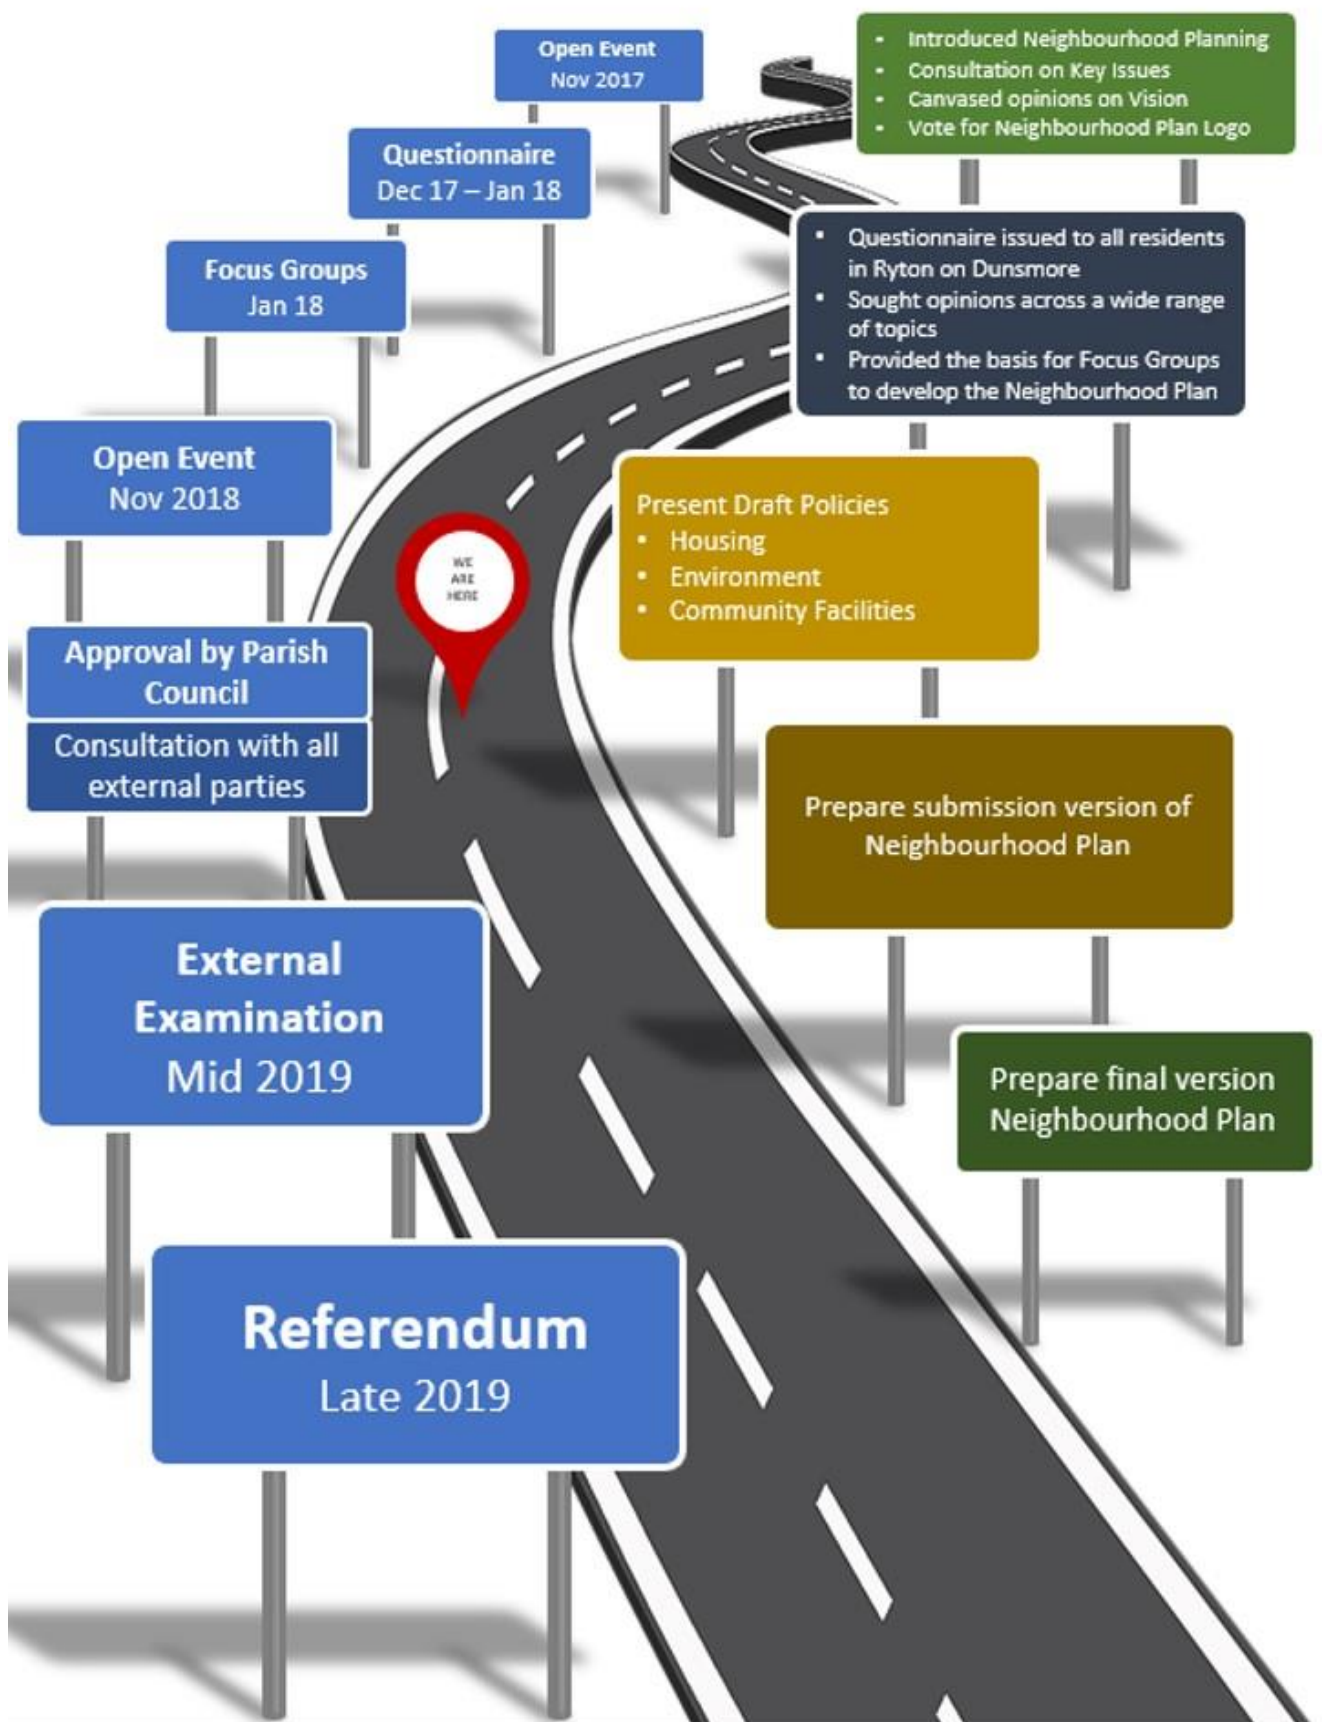

Following the Open Event last year and the Village Questionnaire, three groups of villagers have been looking at the key areas of the Plan, Housing, Environment and Community Sustainability, to consider the policies needed to help create the village we want for the future.

At this event, we will be presenting these proposals for you to see and comment on. All your feedback will help to shape the final Plan.

**Please come along, chat about
the proposals, share some
refreshments and have your say.**

Overleaf is a 'roadmap' showing what's happened so far and what's still to come in finalising the Plan.
